Although Senator Specter announced his intention to run as a Democrat in the 2010 PA primary, he has also stated publically **"I will not be an automatic 60th vote for cloture. For example, my position on Employees Free Choice (Card Check) will not change."** The work we have been doing over the last month has been an important part of pressuring him to make a change; however, he is not all the way there yet. He will soon be an incumbent Democratic Senator and we need to let him know that we need his support for the **Employee Free Choice Act**. Senator Specter said three weeks ago that he would not change parties. Well.....He changed his mind. Now we need to change his mind about the **Employee Free Choice Act**. I know that you have all done a lot already but we need to do more. Let's keep the pressure on Senator Specter by calling his office and asking him to help workers to organize by supporting the **Employee Free Choice Act**. It would even be more powerful to have members stop by one of his district offices and let his staff know that they feel strongly about this issue. His office locations and contact information are listed below. Arlen Specter has decided to become a Democrat.....Now let's encourage him to become a **GOOD Democrat!!!**
